# About Us

## Why Us

Health & Safety

On-time Delivery

Certified Engineers

Quality Assurance

Founded in 1995

## Introduction

We Space Controls introduce ourselves as a major Constructing firm in Electrical & Instrumentation field since 25 years

Space Controls is also engaged into EPC based Solar Projects

Space Controls expertise in accomplishing complex turn-key projects has positioned the firm among the top-notch players as the EPC Constructor for the Client

With a well-rooted track record and a strong technological footprint, we provide services across various diversified sectors like Oil & Gas, Power, Infra, Chemical and many more

## Company Mission & Vision

Our mission is to serve our clients and society by providing responsive, accurate, & effective engineering solutions that improve our clients' business and facilitate society's access to safe, sustainable, & state-of-the-art services and utilities

We are committed to our employee's safety & skill development

Our vision for Space Controls embodies who we are, individually and as a company, and reflects our core values and the path we follow in pursuit of providing our clients with unmatched performance, unparalleled accountability, and the highest-level of satisfaction in the industry
